China's Natural Gas Gasified City Population by Provinces	×	×	×	×	✓
Price / copy	\$438	\$486	\$574	\$656	\$792

No. of Copies to Book

- The customized map size has an error rate of 0.5% due to artificial involvement in cutting. Each of the map's 4 sides has 1cm blank area left for map mounting. Therefore, the map's picture size should minus 2 cm for both its length and height;
- The pipelines' line weights are divided to 3 groups by their designed annual capacity (10+ bcm, 1-10 bcm and below 1 bcm);
- Your company name will be, by default, added into the map;
- Namelist of China's Core Gas Pipelines** introduces the selected core pipelines by their name, main area, status, company;
- Table of China's Underground Gas Storages**: introduces the nation's underground gas storages by their name, province, city, status, company and effective storage sizes (existing, under construction, planned);
- China's Natural Gas Balance Sheet Table**: China's total natural gas available for consumption (output, imports, exports, stock changes in the year); total consumption (by main industry sectors) and balance. LNG data is included since 2010;
- China's Natural Gas Consumption by Industries**: China's natural gas consumption figures by 51 industry sectors;
- Industry research statistics tables in analyst edition maps introduce the latest 17 years' data officially published by China's state statistics authority. Please note that nationwide data from state authority will be published during June and be delayed, as a practice, by two years. Therefore, the latest year that contains statistics data will be "the year before last year".

Step 2: Select (☑) Other Services

Latest Research Service & Data on China's 763 Core Gas Pipelines

- \$1027 Main Project Parameters
- \$2054 Main Project Parameters + Key Distribution Stations
- \$3938 Basic Situation + Main Project Parameters + Key Distribution Stations + Stake Holding Situation & Company

- Please refer to the "Research Service & Data" instruction in this form or contact us for sample;
- The price, mainly calculated by project number, may change to reflect the latest project changes;
- The research data (in Microsoft Excel format) will take 15 working days to be updated so as to reflect the latest industry situation exactly on the delivery date.

Order, Payment, Delivery Time and Shipping

- Send your booking form to publications@araworldwide.com, and it will be usually processed within one working day. An invoice will be sent to you with total sum of the order, shipping fee (charged based on your mailing address and total weight) and our banking account;
- Each map is exported from latest database upon your order and customizing demands. Your orders will be shipped in 15 working days from the date your payment is received;
- Within 30 days after you receive your order, if you would like to have a larger map or want to add more customized elements into your map, you can receive the new map after you mail the existing map back to us and pay just the additionally-occurred fees.

Mailing Address and Contacts

Name _____ Job Title _____

Phone _____ Email _____

Company _____

Note: Official name of your company is required as it will be added into the customized map.

RELATED PROJECTS

- Existing Pipeline (10+ bcm/a)
- New Pipeline (10+ bcm/a)
- Existing Pipeline (1-10 bcm/a)
- New Pipeline (1-10 bcm/a)
- Existing Pipeline (1- bcm/a)
- New Pipeline (1- bcm/a)
- Gas Flow
- Existing Underground Storage
- New Underground Storage

MAP FIGURES

- No. of Projects: 6265+
- The exact no. of projects should refer to your tailor-made map on the delivery date.
- No. of Gas Flow Arrows: 3000+
- No. of Underground Storages: 107+
- No. of Tables: 9 (Optional)
- Map Size: Tailor-made
- Delivery Time: 15 Working Days
- Recommended Size: XL
- Format: Rolled Paper Map
- No Digital Copy Available

Latest Research Service & Data on

CHINA'S CORE GAS PIPELINES

This research product focuses on China's 761 core gas pipelines which include international pipelines, inter-provincial pipelines and key intra-provincial pipelines (inter-city pipelines, critical connecting lines between different gas systems, core gas source supply lines and key subsea gas supply lines). The data introduces each pipeline's:

Basic Situation

- Project name
- Segment type
- Province
- Prefecture
- Project status
- Operation start year

Main Project Parameters

- Current length
- Planned length
- Designed annual capacity
- Pipe diameter
- Designed pressure

Key Distribution Stations

- No. of pipeline stations
- Names of pipeline stations by gas flow

Stake Holding Situation & Company

- Shareholding situation
- Project investor name
- Project Operator name
